

On November 15<sup>th</sup> 2024, [OMNI-RÉUNIS Network](#) participated in a [Y-EMERGE – CDM Modelling Fair](#). The event was staged at York University’s Keele Street Campus and was visited by both students and faculty who learned about various mathematical modelling networks and programmes that are operating at the university.

In the picture above, one of the university’s esteemed faculty members, Professor Jianhong Wu, posed for a picture with members of the OMNI-RÉUNIS network and visitors to the display station.

In this picture, network members and visitors to the display station were joined by another one of the university's teaching staff, Professor Woldegebriel Assefa Woldegerima who is also a OMNI-RÉUNIS network member.
